Star Skin Treatment from Ole Henriksen and a Soothing Design by Michael S. Smith Makes 'ONE' the One "Must Visit" Destination for Pampering on the Pacific Coast

There is no better setting to achieve perfect skin and all-around pampering than the tranquil Santa Monica shore, with its nourishing sea air and sunshine. Now, ONE, the new spa at Shutters on the Beach, featuring Ole Henriksen Face/Body makes this a reality. ONE combines signature treatments of Hollywood's hottest skin-care specialist, Ole Henriksen, with an intimate interior by celebrated designer Michael S. Smith.

ONE is a rejuvenating oasis for hard-working business travelers and high-profile Shutters' guests and locals seeking an escape from the toils and rigors of everyday life. With its first-ever spa design by L.A.-based interior designer Michael S. Smith – known for his dramatic residential makeovers on both coasts – ONE soothes with subtle tones of sand and sea while paying homage to the healing powers of the Pacific. The new spa features six treatment rooms, including two wet rooms with Shutters exclusive tropical rain showers, offering guests a sensuous atmosphere in which to relax and unwind for facials, massages, body scrubs and body treatments, manicures, pedicures and waxing.

ONE features the scintillating skin-care of Ole Henriksen, whose client list includes Oscar winning ladies Charlize Theron and Renee Zellweger. Combining his skin-care principles of simplicity, renewal, stimulation, hydration, pampering and cruelty-free products, Henriksen's all-natural, botanical-infused, hands-on and exclusive treatments for ONE offer therapeutic benefits for both skin and soul. In addition, guests can take their experience home with them, as ONE features Ole Henriksen's Face/Body product line for retail purchase at the spa or at Shutters BeachStyle.com
